

Mr. Tounget,

Northwest Austin insists that District 10 starts north of 2222. Please go back to the September 28th map and move the southeastern boundary to start at 2222, but to otherwise follow the ICRC map from September 28th. We mean no disrespect to Tarrytown, Brykerwoods and Rosedale, but Northwest Austin would like to remain with our communities of interest. Our community concerns are more similar to those communities west of 360 rather than south of 2222 or east of Mopac.
